Hi Cat,

Here's the plan showing the proposed position of the 6 apple trees we'd like to plant early in the New Year. We've shown that there is still at least 50m x 50m open space.

The trees are not to scale.

The varieties planned are 1 each of Devonshire Quarrenden, Egremont Russet, Robson Pippin, Ashmeads Kernel, Peasgood Nonsuch and Bramley.

Please would you bring it to the attention of the HPC committee members.

Many thanks,
Flip
