

## **Harberton Parish Council**

### **Bridge Car Park, Harbetonford**

The Parish Council wish to undertake maintenance of their car park at the bridge, Harbertonford. Tenders are invited from interested contractors to undertake the following works:

1. Clear vegetation from within the confines of the car park
2. Fill the existing holes that have developed within the car park
3. Resurface with gravel to provide a flat, porous and sustainable surface across the car park
4. Repair the stone and block wall at the corner of the car park

The contractor will need to contact and agree for the bottle bank to be removed temporarily to allow the final gravel surface to be completed.

Tenders should indicate a fixed price for undertaking the work and likely date for undertaking the work.

Tenders to be submitted to;
