

Harberton Neighbourhood Plan

Housing response form

The draft plan suggests that some 60-70 houses including 30 affordable homes should be built in the two villages over the next fifteen years. We would like your views as to whether you support such growth, and if so, an indication of your preferred sites in the two villages.

Strongly support	Support	No view	Object	Strongly object
------------------	---------	---------	--------	-----------------

Growth in the 2 villages
