Dear Cat et al,

I reported in on this at Tuesday's PC meeting regarding obstructive parking outside no.1 Pack's Close.

As per Alan Martin's email below, we need to ensure that this is agreeable to the PC and the residents who would be affected. I'll pop down to Pack's Close and have a chat with the residents at numbers 1 and 2 and report back to the PC.

Please could this tabled for September FC so that I can notify the South Hams HATOC Committee in time for their autumn meeting.

BTW Many thanks for the information about the Police grants, TRAYE project is sending in an application.

Best regards

Cllr Jacqi Hodgson

Devon County Councillor for Totnes & Dartington

Morning Cllr Hodgson

We are often reluctant to impose parking restrictions in residential areas as it is usually local people parking and causing the obstruction, this often means there may be objections to the installation of a restriction and that the problem won't be removed, just moved; in this case probably to outside number 2! I would advocate you and the PC review this location and the cause of the problem closely before considering imposing DYL's. It may set a precedent that will be difficult to maintain throughout the community, there are similarly narrow sections of Woodland Road, Old Road, Moreleigh Road etc. However, I have drawn up a plan of the location below using approximately 13m of DYL. Please can you circulate to ensure it is what is wanted by the PC and residents after which we can add it to the HATOC list.

Thanks

Alan

Dear Alan / Darren,

I write with regard to the email below regarding an obstruction being caused by parking as described, outside No 1 Pack's Close Harbertonford.

I have marked up a map from our Report It webpages to illustrate the point.

As outlined this is causing problems with waste services as well as putting residents at risk were there a need for emergency vehicles to enter the cul de sac.

Please could yellow lines be looked into for this corner of the road?

Thank you

Cllr Jacqi Hodgson

Devon County Councillor for Totnes & Dartington

**Subject:** Packs Close

Dear Jacqi,

I have had a complaint [REDACTED] about cars being parked [REDACTED] and causing an obstruction. No 1 is right at the entrance of Packs Close and the obstruction has meant that waste has repeatedly not been picked up and it has on several occasions meant that paramedic teams have not been able to get onto the Packs Close estate, which is home to several elderly people.

I have been to look at this and I do think some double yellows just around the entrance would be appropriate. Could I ask that you look into this. I have cc'ed Cat as I would ask the PC support this request.

Many thanks.

Best regards,

John
