Public consultation and responses to questionnaires

If you haven't yet had the opportunity to look through the comments made by parish residents about what they wanted for the Parish, you may be interested in having a read:

The main page where information from the questionnaires and consultation events are all found: <https://www.harbertonparishcouncil.org/hnp-consultation-responses-2015/>

Narrative text and numeric data from the questionnaires returned...

From those responses we know were definitely Parish residents at time of

completion: <https://www.harbertonparishcouncil.org/wp-content/uploads/2020/10/2015-HNP-Consulation-Questionnaire-Parish-Residents-HNP-Questionnaire-text-results.pdf>

From those responses who completed blank or online questionnaires (and therefore may be from outside the Parish so were not included in the results

above): <https://www.harbertonparishcouncil.org/wp-content/uploads/2020/10/2015-HNP-Consulation-Questionnaire-Non-Residents-HNP-Questionnaire-text-results.pdf>

MACK plan example

Prana had expressed interest in viewing the full MACK plan.

The plan is labelled as 'regulation 15 version' as it is the version gone out to consultation to the community.

You may (or may not) be interested in seeing their consultation pack of evidence, available at this link: <http://www.mackplan.org.uk/mack-plan-regulation-15-version-and-submitted-documents/>

and here on their home page their AECOM Housing Needs Assessments are found - as expected it is very similar in tone to the one produced for the Harberton Parish but I'm imagining you're more focused on getting through the Harberton Parish document rather than looking at any others! <https://www.mackplan.org.uk/>
