- 12.5. **20230705 #28 2023 DALC E-bulletin** *For information* Cllrs are informed that this e-bulletin includes news that the Local Government Association has found that there is still overwhelming support for councils to have powers allowing them to hold hybrid and virtual meetings if they want to. DALC is therefore continuing to lobby for councils to have powers which would allow them to choose whether to meet in-person, virtually or with a hybrid meeting so councils could decide themselves what meeting would work best.
